Vancouver's philanthropic elite visited the spectacular family home at UBC of Jacqui Cohen, CEO of Army & Navy Stores, for her 22nd annual Face the World Foundation gala. For the legendary black-tie affair, Face the World president Jacqui welcomed some 275 luminaries and special guests Kiss frontman Gene Simmons and his family to the much-anticipated gathering. Dinner was provided by Harry Kambolis and C Restaurant. After an auction featuring a South African adventure and a stay on the private island of Mustique, the singing Simmons kids, Nick and Sophie, performed and got the post-dinner party rolling under a stunning sunset. About \$1 million was raised for local organizations. — NICOLE HARVIE IN VANCOUVER
