

GRANT APPLICATION GUIDELINES 2026

We support organizations and programs that:

- **Help people experiencing poverty** by providing practical support such as counselling, education and other resources that improve quality of life.
- **Support people experiencing homelessness or housing insecurity** by helping to provide safe shelter, housing and services that help individuals rebuild their lives.
- **Assist women, men and children affected by domestic or sexual violence** through access to safe shelter, counselling and programs that help people heal and move forward.
- **Support people experiencing food insecurity** by helping to connect them with programs and organizations working to alleviate hunger for families and individuals.
- **Create opportunities through education** by supporting scholarships, bursaries, continuing education and programs that help people achieve their potential.
- **Promote mental and physical wellbeing** through programs that improve health, resilience and access to care and education.
- **Raise and steward funds responsibly** so we can continue supporting charitable programs that make a meaningful difference in our communities.
